Support information – a good site is my virtual support website

[www.JustHoller.com/Pathways](http://www.JustHoller.com/Pathways)

In September Toastmasters changed the way you gain access to Toastmasters International site and begin your journey in Pathways. Near the top of my support page is a video that shows how it is accomplished now.

I also put together PDF guides on starting your first Path, a power point on Navigating that first Project, and information on completing a Project.

Further down it has PDFs on the 11 Paths, all the Projects, Base Camp Manager role, etc.

Recently I added a PDF on the Pathway Mentor program as it is quite involved (5 steps in total almost mimics 5 Levels of a Path)

Down the page further there is other useful information. At the bottom is a button to click to send me comments, questions, and suggestions.
